# Things to Remember

- Provide a whistle for your team ref, and remind them to bring a watch—timing will be very important this season.
- Be confident when on the tower...you are in charge of the match.
- Be EARLY for all ref assignments, ESPECIALLY if they are before your match.
- Encourage team members to split duties—especially Line Judging.
- Just a Reminder: Coaches, not refs, are responsible for keeping track of the final game score.
